

Moultonborough Central School 2002/2003 Objectives

- Focus on Students, Teaching and Learning

- Support faculty and staff in focusing their time and efforts on children
- Keep administrative demands on faculty and staff to a minimum.

- Curriculum Mapping

- Complete mapping for all subjects and all grade levels

- Writing Action Plan

- Provide on-site Writing Course
- Integrate *Write Source* materials

- Spelling Action Plan

- Continue the Sitton spelling approach in grades three through six and integrate it with the Scholastic reading program in grades one and two.

- Mathematics Computation Action Plan

- Sustain student improvement in mathematics computation by integrating MathLand in grades K-5 and Connected Mathematics in grade six.
- Administer quarterly computation checks with supplemental teaching strategies.

- Differentiating Instruction to Challenge Students of all Abilities

- Grade-level presentations of effective methods and strategies

- Parent/Community Involvement

- Solicit the input and participation of parents and community members in MCS program development and change.
